NHRA O'Reilly Auto Parts Jr. Drag Racing League Eastern Conference Finals

The Eastern Conference Finals will be held at Bristol Dragway in Bristol Tennessee, on **July 29 – 31, 2010**. Raceway Park will use the Percentage system to decide how many entries from each class will go. If total entries is 10 and Class A has 10% of the racers, Class B has 30%, Class C has 40%, and Class D has 20%, Raceway Park will send 1 racer from Class A, 3 from Class B, 4 from Class C, and 2 from Class D. The last point's day for qualifying for the Eastern Conference Finals will be June 6, 2010, any ties will be run-off. The track will notify racers with a date. Interest forms will be left at the gate in the weeks prior to the final qualifying date to help speed up the process of getting the team together. When you receive one of these forms,

please fill it out and bring it to the tower to let us know whether or not you are interested in attending the race.

NHRA Division 1 Jr. Drag Racing Championships

The Northeast Division Championships will be held at Mason-Dixon Dragway in Boonsboro, MD on **August 6-7, 2010**. All racers signed up for points by Sunday June 7 are eligible to compete in this event. All racers will be responsible to contact Raceway Park Office by 12:00 Noon on Friday, June 20th, 2010 to state whether they will be competing in the Northeast Division Championships. If you are not on a track roster, you cannot compete at the event. You must pre-register with payment before deadline.

There will be occasions when the number of rounds in each of the four eliminators will be unequal. This will make it impossible to fairly crown an overall track champion based on the highest overall number of points earned. The overall track champion for the Northeast Division Championships will be determined by a King of the Hill style runoff. The King of the Hill style runoff of these 4 first place racers will be held on a date decided by management.

For Your Information:

For parents that run a full sized car and also help their son or daughter with a Junior Dragster; have no fear, the track will give you plenty of time to spare; keep those ATV's fueled up however, as there will be some extra running between the two tracks.
